**Action Taken Report On Curriculum feed-back**

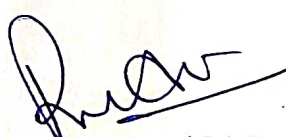

**2022-23**

In the year 2022-23, feed-back on curriculum was taken from students, teachers, Employers, Alumni, Practice Teaching Schools.

On the basis of feed-back analysis following actions were taken,

S No.	Suggestion	Action Taken
<b>Students Feed-back</b>		
1	Increase the number of tests to revise the syllabus.	Monthly tests will be taken for each subject. Internal examinations are always taken at the end of the year.
2	Gap of one day should be there during examinations.	A request will be sent to the University.
3	Need of one separate Multipurpose Hall.	The infrastructure development is in progress.
4	Emphasis on ethics, value should be a plus point for future life.	Some value added courses emphasizing the 'ethics' shall be provided.
5	Training on ICT tools and smart board use shall be given.  Focus should be more on ICT based teaching-learning.	Though the sessions/ workshops on ICT are already provided. In the next session, the more emphasis shall be given on varieties of tools to integrate ICT in teaching-learning.
6	Provide 'International Board Schools' detailed information.	The information on International Board Schools was already provided in a session, however, the more detailed information about school functioning shall be given.
<b>Teacher's Feed-back</b>		
7	In some subjects, faculties suggested revising the teaching content.	An email will be sent to the University for kind consideration and modifications.

Teaching Practice School Feed-back		
8	More interaction is required by the Pupil teachers at the time of teaching in the classroom so that all students can get equal attention.	<ul style="list-style-type: none"> <li>Though Pupil teachers are instructed to do it. However, in microteaching, integration and simulation practices more emphasis will be given on these aspects.</li> </ul>
Alumni Feed-back		
9	Enhance the <ul style="list-style-type: none"> <li>. Problem solving skills,</li> <li>. Data handling</li> <li>. ICT skills</li> <li>. Interpersonal skills</li> </ul>	<ul style="list-style-type: none"> <li>Some activities other than specified in curriculum shall be given.</li> <li>Some activities will be done to promote moral and ethical values.</li> <li>More opportunities should be given to develop judgment skills.</li> </ul>
Employer Feed-back		
10	All students need to be trained to recognise and cater to the diversities among the children.	Though Pupil teachers are guided to do it. However, in microteaching, integration and simulation practices more emphasis will be given on these aspects.

Subject : Request for giving Additional dates for appearing in the University Exam.

Dear Madam,

1. This is to bring in your kind notice that in the last exam B. Ed. (second year) programme it is seen that all papers of the students were conducted continuously without giving any break.
2. In view of the above, you are, requested to kindly give at least one day break in the forthcoming exam so that it may help the students in the preparation for next exam.

Thanking you,

Yours Sincerely,

**Subject:** Satyam College of Education, Noida Feed-back on B. Ed. curriculum, 2022-23

**Dear Madam/ Sir,**

Satyam College of Education, Noida is running B. Ed. two years regular. Here I submit feed-back on curriculum for your kind reference.

**Childhood and growing up:**

- Delimitation to content should be mentioned as there is no end to child psychology.
- The development theories should be taught first and then its implications.
- Topic like functions of brain is open ended and confuses students and teachers.

**Contemporary India and Education:**

Theoretical aspects of all schemes have been given in the syllabus rather they should mention data based facts about schemes

**Learning and Teaching:** New models of teaching shall be added.

**Language Across the Curriculum:**

- New NEP 2023 Recommendation must be added in perspective of Regional Language and its use at Elementary Level.
- Obsolete method of language teaching must be removed.

**English Language Education:**

English Method should incorporate some new techniques of teaching - Natural Method, Task-based approach, Total Physical Response (TPR) etc.

**Mathematics Education:**

- At least one assignment should be on field based experiences
- Writing report on exhibition and preparing chart and model should be compiled as one assignment

**Economics Education:** Action research should be included in Assignment.

### Science and Technology Education:

- ICT based curriculum shall be provided in the subject.
- Virtual lab concepts shall be added in the science curriculum.
- Assessment on power point presentation or collaborative work shall be added.

### Learning to use computers (EPC-3):

New Assignments related with computer based learning such as- Google Applications, Online Lesson Plan generation, Video Lessons Making Application, Use of AI Tools shall be added.

### Critical Understanding of ICT

- Sequences of modules need to be organized for instance, after the First module the third module should be at number two because of the appropriateness of content continuity.
- Content given in all 4 modules need to be organized for instance, 7th point of module first is related to the second module given in the syllabus.
- Content given in the third module can be merged in the first module.
- MM lessons should be a part of their project work.

**Knowledge and Curriculum:** Need to be updated according to NEP 2020.

**Creating an Inclusive School:** One week involvement in the inclusive school should be added to the syllabus to give exposure about the environment and working .

### Gender, School & Society:

New acts and laws shall be updated for women welfare and improvements.
